

PURIS™

PURIS® Pea TPP80

TPP80 is a PURIS product used to make the world's best plant-based meat products, from burgers and sausages to chicken. Great at absorbing colors and flavors, which makes for easy product development. Delivers 80% protein that has a great water hydration, making it an excellent choice for creating products that closely mimic meat. Made in the USA and enjoyed worldwide. Product available as:

	PLANT BASED	NON-GMO	KETO	KOSHER
	ORGANIC OPTION	MADE WITHOUT SOY		GLUTEN-FREE
	GLYPHOSATE RESIDUE-FREE		GROWN + MADE IN THE USA	

PURIS® Pea TPP80

FEATURES

Clean flavor meat replacement ingredient with high protein and a satisfying bite. Great at absorbing colors and flavors making it easy for product development. An ideal plant-based protein solution for your high performing meat analog that's non-GMO, gluten free and made without soy.

BENEFITS

With a clean label that avoids common allergens like soy, this ingredient allows plant protein to look, feel, and perform more like meat protein. The purest, highest protein TPP PURIS has to offer.

APPLICATIONS

Plant-based meat, oatmeal, breading, crust
