

PURIS® PEA CRISPS

PURIS  
DOES  
CRISPS

DESCRIPTION	KEY BENEFIT
<b>A Nutritional Edge</b>  PURIS knows Makers need every ingredient to deliver a functional boost. With that in mind, we designed clean tasting,protein-forward crisps to augment any finished food.	<b>Form and Function</b>  PURIS Crisps bring a satisfying crunch as a standalone topping or inclusion, while adding nutritional edge with products that offer protein boosts that range from 20%-60% by weight.

**PURIS® Pea**  
**CRISPEAS PC20**  
A boost of protein crunch, Crispeas give products whole food nutrition and broad appeal. The perfect replacement for rice crisps in foods.

**PURIS® Pea**  
**PROTEIN CRISPS (6085)**  
An excellent source of protein, 60% Pea Protein Crisp is designed for inclusion in cereals, bars, and bakery items in any number of applications.

**PURIS® Pea**  
**PROTEIN COCOA CRISPS (5585)**  
55% Pea Protein Cocoa Crisps are designed as a cocoa inclusion in cereals, bars, and bakery items while providing a nutritional edge.

**PURIS® Pea**  
**PROTEIN CRISPS WITH PEA STARCH (6086)**  
Using pea starch instead of rice starch, these pea crisps have a shorter label and sourcing traceable to US suppliers. Available in cocoa.
